

**RESOLVING
MTS/PCB SWIFT®
AND SWIFT® Evo
TECHNICAL ISSUES**

WHEEL FORCE TRANSDUCER

**LIVE, KNOWLEDGEABLE
ASSISTANCE OVER THE
PHONE.**

Most mechanical testing issues can't wait, and our responsive and knowledgeable technical support staff is yet another reason why customers partner with MTS/PCB over the long term. We offer support the old-fashioned way — one conversation at a time.

By working with us, you have the freedom to simply pick up the phone and reach an MTS technical support specialist from one of our offices.

Experience the MTS technical support difference for yourself next time you have a mechanical testing-related issue. The MTS Agent will create a case and the MTS Technical Service group will then start assisting. Please contact us by phone or email.

US & WORLDWIDE

Contact 1-800-328-2255 toll-free in the US or +1-952-937-4000 outside the US and you will be connected to a live MTS agent during normal US business hours (7:00-5:00 Central Time). Alternatively, you can email info@mts.com.

EUROPE

The MTS Technical Support Center - Europe brings the convenience of local time support to European customers. Our Center, based in Berlin, will handle technical inquiries from Europe and provide a fast response.

The Berlin center is open from 8:30 until 16:00 CET, Monday through Friday.

Single contact - Know exactly who to call. Our technical support team can answer your questions or find the appropriate contact to resolve your concerns.

EUROPE

Two ways to connect. You may contact our support professionals by calling or emailing your inquiry.

- Phone +800 81002 222 International toll-free
- E-Mail to techsupport.europe@mts.com

We look forward to improving your product performance, equipment uptime and longevity with rapid responses to your technical questions.

Countries from which you can reach MTS Technical Support Europe toll-free are:
